

Spelling - Year 5

National Curriculum Statutory Guidance:

Pupils' spelling of most words taught so far should be accurate and they should be able to spell words that they have not yet been taught by using what they have learnt about how spelling works in English. Pupils should be taught to:

- *use further prefixes and suffixes and understand the guidance for adding them;*
- *spell some words with 'silent' letters [for example, knight, psalm, solemn];*
- *continue to distinguish between homophones and other words which are often confused;*
- *use knowledge of morphology and etymology in spelling and understand that the spelling of some words needs to be learnt specifically, as listed below;*
- *use dictionaries to check the spelling and meaning of words;*
- *use the first three or four letters of a word to check spelling, meaning or both of these in a dictionary;*
- *use a thesaurus.*

Revision of Learning from Year 4

It is likely that the first four weeks of the year will be spent revising spelling a range of patterns from Year 4.

Spelling at school

- **Monday:** children will be taught the spelling rule(s) for the week. They will be given 20 words that use that spelling rule(s) to practise.
- **Tuesday-Thursday:** Children may be given the word list to practise using their cursive handwriting as part of the multi-sensory approach to learning spellings. Children will be encouraged to use the spelling rules in their writing.
- **Friday:** Children will be assessed whether they are able to apply the spelling rule(s) and/or they are able to spell tricky words by being given a spelling test using 10 of words from the word list given to them on Monday, **and** a short dictation using some of the words from the list.

Home Learning

- Please support your child with learning the spelling rules, identifying the spelling patterns, finding out the meaning of unfamiliar words and putting the spellings into sentences to support them working on developing their handwriting skills.
