

Crisis Intervention for Children and Young People

Unfortunately there are a number of children and young people at crisis point with their mental health.

Therefore, we would like to inform you about a new Ealing initiative called CIRCLE.

Circle is a hub space and cafe that offers support for children and young people in Ealing who are at, or near, crisis point with their mental health.

Most of the young people attending A and E for mental health support are dealing with anxiety, depression, self-harming behaviour and suicidality risks. The earlier a young person or child gets support for their mental health, the more effective that support will be.

That is why Circle exists: to provide mental health support early, and prevent things getting worse.
