

LITTLE EALING NEWSLETTER

Summer Term | Friday 8th May 2026

Dear all

After a short but busy week, there is still plenty to celebrate and look ahead to.

Volunteers

It has been wonderful to see more of our parent community in school over the past few weeks. Mrs Trigg has set up a volunteer reading group and these volunteers have now been DBS checked and have started working with children across the school. Reading one-to-one with an adult makes a real difference and we are very grateful for the time and support being given to our children. A huge thank you to all our volunteers.

KS2 SATs

Next week, our Year 6 pupils will take their end of primary statutory assessments in Reading, Grammar, Punctuation and Spelling and Mathematics. The children have worked hard in preparation, and we are already incredibly proud of them.

We spoke to the children today about coming in next week, doing their best and feeling proud of how far they have come. A good night's sleep on Sunday will help and we will be providing a SATs breakfast each morning to support them.

Please remind your children over the weekend that they are amazing. These tests do not define them and they do not measure many of the important skills, talents and qualities they have. SATs are also a reflection of the school as much as the children and our focus is simply on them feeling confident, doing their best and being ready for the next step into secondary school.

Wishing you all a restful weekend.

Best wishes

Emily Caldwell

Headteacher

upcoming **EVENTS**

Calling all Ealing Mini Mile runners and budding artists!

After raising an amazing £3,920.00 in 2025, the PTFA are happy to announce we'll be coordinating fundraising activities again around our fabulous Ealing Mini Mile runners in 2026! If your child has a place in the Ealing Mini Mile on Saturday 26 September 2026 in Walpole Park and would like to raise money for our school, we'd love to hear from you! Please email lepsptfasport@gmail.com and we will send further information about setting up a LEPS JustGiving page to send to family and friends, to help raise funds for our school.

T-Shirt Design Competition

Calling all budding artists... we need your help! We are holding a T-shirt design competition for our fantastic Ealing Mini-Mile and Half-Marathon runners to wear when they take part in the running events. The winning entry will feature on this year's Ealing Mini Mile and Half-Marathon running T-shirts for the LEPS community taking part and raising important funds for the school.

For more information including a template and example of last years design, please see the ParentMail sent out on Friday 24th April.

Year 4: Exploring the World of Web Design

This half term, Year 4 pupils have been exploring the exciting world behind the websites we use every day by learning about HTML.

HTML stands for HyperText Markup Language and is the language used to build webpages. Children discovered that HTML uses tags written inside these symbols < > to tell a computer how text, images and content should appear on a website.

As part of this unit, pupils also travelled back in time to learn about Tim Berners-Lee, the inventor of the World Wide Web. They found out how his ideas led to the very first websites and how the internet has grown into such an important part of our lives today. This helped children understand the difference between the internet itself and the websites we access through it.

Using the LGFL web design resources, pupils practised writing real HTML code and learnt how websites are structured. They explored how images appear on websites, learning about different image file types such as JPG, GIF and PNG, and how digital images are made up of tiny squares called pixels.

This week, children took their learning even further by creating a simple webpage using a real-time editor, where they could instantly see how their code affected the page. They learnt why closing tags are important in HTML and how missing one can change how a whole webpage looks.

It has been fantastic to see Year 4 pupils learning how the web works, building their confidence with coding and developing valuable digital skills that will support them as they continue their computing journey.

ORACY OWL QUESTION OF THE WEEK

Talk Tactics

Why is it important to eat healthy, balanced meals?

- I think healthy eating is important because...
- My favourite healthy food is...
- One new healthy food I'd like to try is...
- I agree/disagree with _____ because...

Instigate

Present an idea or open up a new line of inquiry

Build

Develop, add to or elaborate on an idea.

Summarise

Identify and recap the main ideas

Eatwell Guide

Check the label on packaged foods

Each serving (100g) contains

Energy (kJ/kcal)	Fat (g)	Carbohydrate (g)	Protein (g)	Salt (g)
12%	4%	1%	20%	15%

of an adult's reference intake
Typical values (as sold) per 100g/ 60% 140kcal

Choose foods lower in fat, salt and sugars

Use the Eatwell Guide to help you get a balance of healthier and more sustainable food. It shows how much of what you eat overall should come from each food group.

Per day 2000kcal 2500kcal = ALL FOOD + ALL DRINKS
